Friday 28

AWS billing & Cost management dashboard :-

Used to

① Pay your AWS bill

② Monitor your usage

③ Analyze your cost

④ Control your cost

Saturday 1

Consolidated billing :

If an org has 50 employees and each of them using diff services

↓

Instead of giving a seperate bill

↓

The org will give a g consolidated
bill where the exact usage of
service by individual employees
will be mentioned.

→ Maximum members that
can be added for this service
is 4 and it can also be

extended by customer support.

By using it we get a lot of
discounts.

Aws budjets:

→ In Aws budjets, you can create budjets to plan.

→ Service usage

→ service costs

→ instance reservations.

→ It updates 3 times a day.

→ We can set custom alerts when one usage exceeds the budgeted amount

6 Thursday
065-300

AWS cost explorer :-

It is a tool that enables you
to visualize, understand and
manage your aws costs and usage
over time.
